CHANCERY COURT RECORDS INDEX 1836 -1900  
Prepared by William T. Thornton, Ed.D.

## **INTRODUCTION**

This file contains five sets of indexed materials of the Itawamba County Chancery Court Record Index of Cases beginning in 1836, going through 1900:

1. An alphabetized list of names extracted from indexed names from the cover of the Packet jackets, abstracts of the contents for a few of the Packets, notes and partial transcriptions of the Packet documents, and notes from the information in Estate Book 5 pages 1 – 581.
2. A listing of the Packets filed in numerical order in the Chancery Court Clerk's files with notations to indicate missing files.
3. An alphabetized list of names from unnumbered Packets with notations as to the location of those Packets within the Chancery files.
4. A listing of the names from Estate Book 5, pages 1 – 581.
5. A list of the missing Chancery Court Packets by number.

An attempt was made to avoid abbreviations in the above files but on occasion words were shorted and/or abbreviated to make the entry fit on to one line of type. Some of the more frequently used abbreviations include:

Est: Estate  
Et al: And others  
Et ux: And wife  
H/O: Husband of  
W/O: Wife of [or widow of]  
D/O: Daughter of  
S/O: Son of  
GD/O: Grand-daughter of  
GS/O: Grand-son of

The spelling of names and words were followed as found: multiple listings were included for all of the various spellings discovered. Different spellings of the same surname occur on several of the Chancery Packets; researchers are advised to check for all possible spellings of the names they are hunting.

No attempt was made to arrange the cases by year; few dates of death and/or of Probate are included in this index. Those dates should be used with caution as many of the Probate Packets contain materials spanning a period of several years.

Researchers are reminded that this index was prepared from a combination of four older works: a numerical listing of packets; a few abstracts of the contents of packets; a listing of some of the materials extracted from Estate Book 5; and a few pages of notes made from an examination of the contents of a few of the Chancery packets.

**THIS INDEX WAS NOT DONE DIRECTLY FROM THE CHANCERY PACKETS AND, THEREFORE, THIS INDEX DOES NOT CLAIM TO BE REPRESENTATIVE OF WHAT MATERIALS MAY BE FOUND WITHIN A PACKET.**

**RESEARCHERS ARE ADVISED TO EXAMINE THE CONTENTS OF A PACKET TO VALIDATE THE MATERIALS WITHIN.**

The files in Itawamba County can be found in the Office of the Chancery Clerk at the Courthouse in Fulton, Mississippi. The packets are filed in cabinets in numerical order. The drawers are numbered and labeled. The lists of packets, abstracts, notes, and listings from Estate Book 5 from which this Index was prepared are available on typewritten copies at the Office of the Chancery Clerk.

Approximately 36% of the Chancery Packets are missing according to this index. This percentage represents 358 Packets of files out of a total of 996 files found to be enumerated. A list of the missing file numbers from the Chancery Packet records is included in this index.

**AGAIN RESEARCHERS USING THIS INDEX ARE REMINDED THAT THIS WAS PREPARED FROM ABSTRACTS, LISTS, AND OTHER DOCUMENTS RATHER THAN FROM A READING OF THE CHANCERY PACKETS.** While every effort was made to insure the accuracy of this index, no assurance is offered that it reflects what is actually within the Chancery Packets.

# CHANCERY PACKETS THAT ARE MISSING

Based upon the records which survive, it is assumed that the Chancery Record Packet numbering system started with # 1. The highest number located was packet # 996. It is not known how many packets were assigned numbers using this early numbering system. Based, however, upon the assumption that the packets number from 1 through 1,000, approximately 64% of the packets have survived and are on file in the Office of the Chancery Clerk, Itawamba Country Courthouse, Fulton, Mississippi.

It is sad, however, to contemplate the information lost in the approximately 36% of the files that are no longer in the Chancery filing cabinets. A few of the 358 missing files, perhaps as many as 100, have been salvaged and are filed at the Itawamba Historical Society Center, Mantachie, Mississippi. Those files have been removed from the Chancery packet and have, for the most part, been filed alphabetical by name. The original Chancery Number has been lost for most of those files.

The only file this researcher has examined from the Itawamba Historical Society's records at Mantachie is for the Estate of James Nelson. As of July 2007, that information is filed at Mantachie under the file name "James Nelson." The original file number cannot be determined for the estate of James Nelson. It is not known which of the other missing files are housed at Mantachie.

On the following pages are the numbers of the Packet numbers missing from the Chancery Court records at the Courthouse. Researchers are requested to help complete this index by entering any information by the appropriate Packet provided.
